INMATE SELF-INJURIOUS BEHAVIOR AND SUICIDE ATTEMPTS

Because not all acts of inmate self-harm are suicide attempts, the Arizona Department of Corrections (ADC) has adopted a new method of counting acts of inmate self-harm. Based on a review by medical/mental health staff, these incidents will now be categorized as one of the following, based on the definitions below:

- Self-Injurious Behavior - Any act of self-harm without the intention to end one's life.
- Suicide Attempt - Any act of self-harm with the intention to end one's life.

This distinction will allow ADC to better understand these incidents and continue to refine prevention techniques. The table below displays the new content and format for this information moving forward.
