

Dear State Employee,

Once a year we come together to invest in the quality of life in our Arizona communities, nation and world by contributing to the **State Employees Charitable Campaign (SECC)**. Last year, State of Arizona employees contributed more than \$632,000 for many critical needs.

I am proud to announce the start of the 2014 SECC Campaign. Together, the participating charities of the SECC help promote health and wellness, clean air and water, food, shelter, clothing, historical preservation, conservation and many more services. With your generous support, our SECC charities will receive the ongoing assistance needed to provide the vital services now and for the future.

The pledge drive dates are Tuesday, October 14, 2014 through Friday, November 28, 2014. We encourage you to take part by supporting the charities of your choice. Every dollar you invest makes a difference.

Please visit the SECC website at [www.azsecc.org](http://www.azsecc.org) for more information regarding the SECC, participating charities and prize incentives or click on the "Click and Give" button below to make your contribution.

Join me in being an important part of the SECC this year. For any additional questions, please contact the SECC office at [secc@azdoa.gov](mailto:secc@azdoa.gov).

Sincerely,

Khala Stanfield

SECC Executive Director
