EXPECTED PRACTICES

American Correctional Association (ACA) Expected Practices: 5-ACI-3B-06, 5-ACI-3B-07, 5-ACI-3B-08, and 5-ACI-3B-09

PURPOSE

This Department Order establishes the requirements relative to procuring, installing, maintaining and staff use of Department communication systems including telephones, telephone lines, two-way radios and radio systems. This Department Order includes guidelines and restrictions for the use of electronic devices for the purpose of recording phone conversations.

APPLICABILITY

This Department Order is applicable to all Department employees, contractors, and volunteers. Private prison facilities shall refer to Attachment A, Department Order Exempted Sections/Subsections.

Telephone usage in this Department Order is not applicable to:

- Monitoring and recording personal and emergency telephone calls placed by inmates to a person outside of the institution, in accordance with Department Order #915, Inmate Phone Calls.
- Routine recording of incoming and outgoing telephone calls by the Central Office Communications Center (COCC).
- Routine recording of incoming and outgoing telephone calls by Constituent Services.

PROCEDURES

1.0 RADIO LICENSURE, EQUIPMENT ACQUISITION AND PROGRAMMING

1.1 The Assistant Director of Prison Operations and/or designee shall ensure the Emergency Preparedness Administrator and the Radio Services Manager are notified and included:

   1.1.1 In all early design reviews and radio infrastructure planning for new institution/facility acquisitions and upgrade plans.

   1.1.2 In all planned purchases of radios and/or radio equipment.

   1.1.3 In all scheduled closures of an institution or facility.

1.2 Complex Wardens shall work with local response agencies to establish Memorandums of Understanding and Letters of Authorization for use of external radio frequencies for Emergency Response and Incident Management and forward their information to the Radio Services Manager. (5-ACI-3B-06)

1.3 The Emergency Preparedness Administrator shall:

   1.3.1 Solicit, input, forecast and submit radio equipment requirements, ensuring alignment with state-level strategic planning initiatives.
1.3.2 Submit grant applications in accordance with Department Order #307, Department Grant Program.

1.3.3 Advise Executive Staff on emergent technology trends and Department acquisition impacts.

1.3.4 Coordinate with supporting agencies to ensure sustained equipment interoperability.

1.3.5 Annually submit the Department’s Radio Strategic Plan to the Chief Information Officer for approval by the Assistant Director of Prison Operations. The approved plan shall then be submitted to the Chief Information Officer for inclusion in the Department’s Strategic Plan, which is then submitted to the Arizona Strategic Enterprise Technology Office. [Revision – August 29, 2022]

1.3.6 Submit to the Radio Services Manager a detailed explanation of the type and intended use of radio equipment prior to soliciting quotes. Quotes shall only be obtained by Radio Services.

1.3.7 Ensure all purchased radio equipment is delivered to the Radio Services Unit for inspection, initial programming, and warranty surety.

1.4 The Fleet Services Maintenance Operations Administrator or their designee shall coordinate with the Radio Services Manager:

1.4.1 To identify and schedule all newly purchased vehicles requiring mobile radio installation prior to delivering the vehicles to the gaining institution or unit.

1.4.2 To ensure scheduling for the removal of all mobile radios and equipment from vehicles designated for release to the Arizona Surplus Property Management Office.

1.5 The Radio Services Manager shall:

1.5.1 Be included in all plan initiatives and design reviews regarding radio communications.

1.5.2 Serve as the agency point-of-contact with the Federal Communications Commission, the Arizona Department of Public Safety, and all other external agencies pertaining to radio communication.

1.5.3 Be responsible for the application, modification, and maintenance of all radio station licenses/authorizations required by the Federal Communications Commission Rules and Regulations.

1.5.4 Coordinate with institutional Radio Custodians to ensure radio equipment is not placed into operation without the acquired license displayed in a proximate and visible location.

1.5.5 Manage, update and maintain the Department’s collection of Federal Communications Commission licenses (spectrum manager) for its radio systems and radio equipment inventory.

1.5.6 Ensure requested equipment complies with the Federal Communications Commission regulations and interoperability standards.
1.5.7 Coordinate with Emergency Preparedness Administrator to complete radio equipment purchasing requirements in accordance with Department Order #302, Contracts and Procurement.

1.5.8 Oversee the management of radio parts and repair programs of the Department.

1.5.9 Manage all radio equipment purchases, deployments, upgrades, transitions and removals.

1.5.10 Oversee management and coordination of the Annual Radio Maintenance Program to ensure all radio equipment is checked for serviceability on a biennial basis.

1.5.11 Coordinate with the Emergency Preparedness Administrator to determine replacement parts expenses and transfer funds for damaged radios.

1.5.12 Work with state and federal response agencies to establish Memorandums of Understanding and Letters of Authorization for use of external radio frequencies for Emergency Response and Incident Management.

1.5.13 Ensure modifications, repair, or movement of radio equipment is performed only by Radio Services Unit technicians, radio custodians, other Department staff or service vendors designated with written authorization.

1.6 The Radio Services Technician shall: {5-ACI-3B-07} {5-ACI-3B-08}

1.6.1 Program, install, remove, repair and maintain all Department radio systems and equipment to include:

1.6.1.1 Handheld, mobile and base station radios

1.6.1.2 Repeaters

1.6.1.3 Tone remotes

1.6.1.4 Consoles

1.6.1.5 Antennas

1.6.1.6 Cables and wiring

1.6.2 Travel to prison institutions/complexes when required.

1.6.3 Document all actions taken, using the Radio Service Maintenance Ticket, Form 104-1 and the Request for Mobile Radio Installation/Removal or Repair, Form 104-5.

1.6.4 Provide training on radio systems and equipment when required.

1.7 Radio Custodians shall: {5-ACI-3B-07} {5-ACI-3B-08}

1.7.1 Within the first 30 calendar days of assignment, have a familiarization tour with Radio Services employees to develop an understanding of position requirements and expectations.
1.7.2 When inoperable radio equipment is received:

1.7.2.1 Review the Radio Issue/Return Log to determine which staff member was last assigned the radio.

1.7.2.2 Inspect the inoperable radio equipment.

1.7.2.3 Conduct equipment-external troubleshooting procedures to determine physical damage or reason for non-operability.

1.7.2.4 Complete the Radio Service Maintenance Ticket form to document identifiable issues and potential service or part requirements and submit to the Radio Services Manager.

1.7.2.4.1 Attach the completed Information Report, Form 105-2, for radio equipment damaged beyond normal wear and tear (i.e., torn or broken battery leads caused by forced alignment, cannibalized parts, removal of rubberized gaskets, or damaged cases or display).

1.7.2.4.2 Attach the completed Significant Incident Report, Form 105-3 for lost or stolen radios, which shall be reported immediately upon discovery.

1.7.2.5 Prepare the equipment for temporary transfer to the Radio Services Unit by utilizing the Internal Equipment Location Changes, Form 304-5.

1.7.2.6 Coordinate the drop-off date with the Radio Services Manager.

1.7.2.7 Coordinate with Business Administrators to submit Property Damage/Loss documentation to the Arizona Department of Administration (ADOA) Risk Management Division.

1.7.2.8 Ensure the following are attached to the radio equipment at the time of drop-off, as appropriate:

1.7.2.8.1 Radio Service Maintenance Ticket

1.7.2.8.2 Information Report

1.7.2.8.3 Significant Incident Report

1.7.2.8.4 ADOA Risk Management forms

1.7.2.8.5 Any other relevant documentation

1.7.2.8.6 Internal Equipment Location Changes form

1.7.2.9 Schedule pick-up of repaired equipment with Radio Service Maintenance.

1.7.2.10 Return the repaired radio equipment to its assigned location.

1.7.3 Radios should be checked frequently to ensure their reliability. {5-ACI-3B-09}
2.0 RADIO EQUIPMENT ASSIGNMENT – Each Warden and Administrator shall:

2.1 In conjunction with the Radio Services Manager, designate a Radio Custodian to oversee all radio equipment assessments and repair procedures at each institution or unit.

2.2 Assign radio equipment to staff in accordance with this Department Order, Post Orders, and other written instructions.

2.3 Ensure that staff members document the issuance and return of radio equipment on the Radio Issue/Return Log, Form 104-2. Maintain in accordance with Department Order #103, Correspondence/Records Control.

2.4 Based on identified needs, the following may be authorized to have other than Yard (interoperability) channels programmed into their assigned radio and shall be authorized use of their radio equipment inside the secure perimeter, ensuring positive custody of their radio at all times.

2.4.1 Wardens, Deputy Wardens, Bureau Administrators, and Administrators

2.4.2 Majors, Captains and Shift Commanders

2.4.3 Complex Special Security (SSU), Transportation and K-9 staff

2.4.4 Radio Custodians and Radio Technicians

2.4.5 Exceptions shall be approved by the Assistant Director of Prison Operations.

2.4.6 Physical Plant staff shall be allowed to use the radio equipment inside the secure perimeter while conducting essential tasks requiring such communication.

2.4.7 Mobile radios, which are unassigned or not under immediate control by Department staff, shall be stored in a secure location.

3.0 RADIO EQUIPMENT INSTALLATION AND REMOVAL

3.1 Radio Custodians shall: {5-ACI-3B-07} {5-ACI-3B-08}

3.1.1 Complete and submit a Radio Service Maintenance Ticket form to initiate a radio equipment service request for the following:

3.1.1.1 Handheld radios
3.1.1.2 Base station radios
3.1.1.3 Repeater
3.1.1.4 Tone remote
3.1.1.5 Antennas
3.1.1.6 Cables and wiring

3.1.2 For damaged radios and equipment, attach the completed Information Report form.
3.1.3 Complete and submit a Request for Mobile Radio Installation/Removal or Repair form to the Radio Services Unit for installation or removal of any radio equipment inside of any Department vehicle.

3.1.3.1 The Radio Services Manager may authorize a Radio Custodian or Fleet Services personnel to remove a mobile radio, as required, from a vehicle, which has been designated for transfer to the Arizona Surplus Property Management Office, or as other circumstances may require.

3.1.4 The Radio Custodian or Radio Services Technician shall perform any necessary work and document their actions by completing the Radio Service Maintenance Ticket form or the Request for Mobile Radio Installation/Removal or Repair form and returning it to the Radio Services Manager or designee.

3.1.5 The Radio Services Manager or designee shall ensure the Radio Service Maintenance Ticket form or the Mobile Radio Installation/Removal or Repair form is completed, signed, scanned, saved and emailed to the necessary recipients.

4.0 RADIO INVENTORY REQUIREMENTS

4.1 Tagging and Transfer of Equipment – Property Managers shall ensure:

4.1.1 Department inventory tag numbers are clearly displayed on radio equipment.

4.1.2 All radio equipment is correctly entered into the Department's automated inventory system in accordance with Department Order #304, Inventory and Fixed Assets Management.

4.2 Surplus Equipment Disposal

4.2.1 Upon identifying surplus radio equipment, Radio Custodians shall coordinate the removal of any radio equipment with their Business Administrator and the Radio Services Manager or their designees.

4.2.2 The responsible Property Manager shall:

4.2.2.1 Forward the equipment to the Radio Services Unit.

4.2.2.2 Complete a Fixed Asset Transfer, Form 304-3, to transfer the equipment to the Radio Services Unit inventory, in accordance with Department Order #304, Inventory and Fixed Assets Management.

4.2.3 The Radio Services Manager shall determine final equipment disposition to repair, replace or transfer to the Arizona Surplus Property Management Office.

4.2.4 Radio Services Technicians shall deprogram all radio equipment prior to removal from the service inventory.

4.3 Grant Equipment – The Radio Services Manager shall:

4.3.1 Work with Business Administrators and Property Managers to ensure grant-funded radio equipment is accounted for on a monthly basis.
4.3.2 Ensure grant-funded radio equipment is assigned only within the counties for which it was acquired, unless the temporary loan of the equipment has been approved by the Emergency Preparedness Administrator, in coordination with the Arizona Department of Homeland Security.

5.0 RADIO EQUIPMENT OPERATION {5-ACI-3B-07}

5.1 The Communications Center Supervisor or Radio Services Manager shall coordinate and allocate blocks of radio call signs to the appropriate Department entities.

5.2 Wardens and Administrators shall ensure an up-to-date listing of all radio call signs assigned within their institution or bureau are provided to the Communications Center, through the Communications Center Supervisor or Radio Services Manager.

5.3 When operating radio equipment, staff shall:

5.3.1 Continuously monitor their assigned radio channel and respond appropriately to radio transmissions.

5.3.2 Cease all non-emergency transmissions during an emergency.

5.3.3 Transmit only job-related communications essential for accomplishing Department business.

5.3.4 Utilize the Department’s official 10-Series Codes, Form 104-3 for radio communication.

5.3.4.1 During emergencies, use only plain language for all radio communication. The 10-series law enforcement codes shall not be used.

5.3.5 Not use language that is profane nor vulgar.

5.3.6 Convey all radio transmissions in a clear, articulate and professional manner.

5.3.7 Use their assigned call-sign during each radio transmission.

6.0 REQUISITION AND USE OF CELLULAR DEVICES [Revision – August 29, 2022: Section 6.0, 6.1 thru 6.8]

6.1 Assignment – The assignment of cellular devices shall be restricted to the Director, Deputy Directors, Assistant Directors, Regional Operations Directors, Wardens, Deputy Wardens, Administrators and Majors assigned to the position of Complex Chief of Security and those authorized by the aforementioned personnel only.

6.1.1 The Department shall be reimbursed for all personal, non-business activity that incurs additional charges from cellular devices.

6.2 Acquiring/Purchasing Cellular Devices, Services and Accessories – All cellular device purchases, services and accessories shall be requested/purchased through the Assistant Director of Finance in accordance with Department Order #302, Contracts and Procurement.
6.2.1 Complex and Central Office Business Offices shall gather written requests for all
new device purchases and upgrades.

6.2.2 Approval for cellular devices shall be provided only by the Director, Deputy
Directors, Assistant Directors and Bureau Administrators.

6.3 Purchase only the following on cellular devices:

6.3.1 Service

   6.3.1.1 Only the on-contract government shared rate plan.

   6.3.1.2 No additional data, text or insurance coverage shall be purchased
without the approval of the Director, Deputy Directors, Assistant
Directors or Warden.

6.3.2 Devices - Inquiries for contract pricing shall be made with the Mobile Device point of
contact in the Financial Service Division for current and approved standard
equipment.

6.4 Accountability – All cellular devices shall be identified with a Department property tag number
and maintained on the appropriate equipment inventory.

6.5 All new cellular device and service orders shall be billed to the appropriate complex, unit, or
bureau carrier account.

6.6 At the end of the billing cycle, upon receipt of the invoice, the Business Office shall open a
purchase order for the monthly service costs, accessories, devices purchased, and upgrades
in the billing period for payment. All written approvals for devices, services, and accessories
shall be included.

6.7 Monthly cellular device billings shall be monitored and paid by the appropriate Business Office.

   6.7.1 Individuals shall keep personal calls on Department-owned cellular telephones to a
minimum and reimburse the Department when applicable through the local Business
Office within 14 days of notification of the charges.

   6.7.2 The Business Office shall audit monthly cellular device invoices to ensure no
overages occur.

6.8 Security regarding the use of cellular devices shall be in accordance with Department Order
#102, Information Technology.

7.0 TELEPHONE LINES, DATA CIRCUITS AND TELECOMMUNICATIONS EQUIPMENT

7.1 Requestors shall submit a Service Center ticket when they want to: [Revision – August 29, 2022]

   7.1.1 Procure or install new/additional telephone lines, data circuits and/or communications
services. The Service Center ticket shall include the following:

   7.1.1.1 The type of equipment and/or services and the date needed.

   7.1.1.2 The locations where the equipment will be installed or connected.
7.1.1.3 The type of use, such as long-distance or local calling, fax, email, internet, WAN/LAN, etc.

7.1.1.4 Why the equipment and/or communications services are essential and cannot be accomplished by more economical alternatives.

7.1.2 Relocate, disconnect, change or dispose of telephone lines and/or data circuits or telecommunications equipment. The Service Center request shall include the following:

7.1.2.1 The type of telephone, data circuits and/or communications services or equipment and the action to be taken, such as remove, relocate, etc. and include the date needed.

7.1.2.2 The identification and location of telephone lines, data circuits and/or communications services. Equipment, such as the circuit number, telephone number or serial number.

7.1.2.3 The reason(s) for and the impact of the change.

7.1.3 Once the Service Center ticket had been submitted, a signature from the Assistant Director or designee shall be required to indicate that funds are available for the cost of the new/additional telephone lines, data circuits and/or communications services.

[Revision – August 29, 2022]

7.2 The Chief Information Officer shall:

7.2.1 If requests are denied, ensure requestors are notified of the denial. [Revision – August 29, 2022: Sections 7.2.1 thru 7.2.3]

7.2.2 If additional time is required, ensure requestors are notified of the delay.

7.2.3 Coordinate with circuit carrier vendor(s) and site representative(s) and provide needed monitoring for the completion of the request specified in the work order(s)/purchase order(s) and establishment of appropriate billing to the responsible Business Office.

7.2.4 Maintain an inventory of approved circuits, equipment and services.

7.2.5 Serve as the Communications Unit Leader during activation of the Department Emergency Operations Center or the Emergency Relocation Group.

8.0 STAFF USE OF TELEPHONES – When using Department telephones, staff shall:

8.1 Keep personal calls brief and infrequent, and avoid conducting personal business. The Department recognizes, however, that staff occasionally needs to make and receive personal calls while on duty.

8.2 Manage local calls regarding personal matters so that they do not interfere with state business or otherwise constitute misuse of state equipment and resources.

8.3 Receive their supervisor’s approval prior to placing personal long-distance calls or receiving personal collect calls in emergencies.
8.4 Reimburse the Department for the cost of making or receiving personal long-distance calls.

8.5 Not call information services or toll calls. [Revision – August 29, 2022]

8.6 Accept work-related collect calls only when other less expensive alternatives are not available and only with their supervisor’s approval.

8.7 Conduct work-related long-distance calls only as required in the performance of their duties, and only with their supervisor’s approval.

8.8 Avoid using directory assistance (1-411 or 1-area code-555-1212).

8.9 Follow the dialing instructions contained in the Department Telephone Directory.

8.10 Reimburse the Department for the excess costs incurred when making calls without using approved dialing methods.

9.0 RECORDING CONVERSATIONS

9.1 Staff shall not record person-to-person or telephone conversations except as provided below:

9.1.1 Staff may record meetings with the knowledge and voluntary consent of each person in attendance.

9.1.1.1 For any recordings, a disclaimer must precede the conversation that all parties are aware that the meeting or call is being recorded. [Revision – August 29, 2022]

9.1.2 In conjunction with a criminal or administrative investigation, investigators may record conversations to which they are a party.

9.2 Staff designated by the Director, Deputy Directors, Assistant Directors or the Inspector General may be authorized to furnish conversations providing that a valid ex parte court order for interception of wire, oral, or electronic communications with the territorial jurisdiction of the court is submitted.

DEFINITIONS/GLOSSARY [Revision – August 29, 2022]

Refer to the Glossary of Terms for the following:

- Cellular Device
- Radio Equipment
- Radio Frequencies
- Record
- Telephone Line
