PURPOSE

Personal property represents a threat to the safe and secure operation of a prison if the item(s) fell into inmate hands. For this reason, employees are strongly discouraged from bringing any personal property to work. Realizing that some employee personal property will enter prisons, this Department Order limits the personal property and establishes guidelines to be followed by all personnel. This Department Order describes the criteria and process for possible reimbursement of personal property.

APPLICABILITY

The Personal Property and Food guidelines established in this Department Order:

- Are not intended to modify or limit prosecution for the introduction of illegal contraband as defined by the Arizona Revised Statutes (A.R.S.).
- Apply to all personnel, including full or part-time employees, contractors, interns, and volunteers.
- Apply to prison grounds (i.e., all areas immediately following signs announcing entrance to prison property).
