PURPOSE

This Department Order establishes procedures governing the High Management process and the violence reduction strategy.

PROCEDURES

1.0 HIGH MANAGEMENT OVERVIEW

1.1 High Management status is designed for inmates, who meets one or more of the below “Behavior Categories” and are considered as management problems, unable to live in general population yet not requiring Maximum Custody placement. Additionally, those inmates who demonstrate successful adjustment in Maximum Custody but deemed to require further structured supervision may be considered for placement in High Management status. Recommendations made for High Management shall fully and specifically document and explain how the inmate meets the specific criteria cited and why the inmate needs placement in High Management.

1.1.1 The inmate was an active participant in, or incited, a disturbance or riot.

1.1.2 The inmate has conspired or attempted to convey, introduce or possess contraband, which poses a threat or danger to the security of the institution. Such items of contraband may include, but are not limited to weapons, drugs, ammunition, communication devices, or escape material.

1.1.3 The inmate escaped, attempted escape, or committed acts to facilitate an escape from custody.

1.1.4 Inmate identified as a potential predator based on one or more disciplinary reports for 39B, Threatening or Intimidating.

1.1.5 The inmate, through repetitive and/or seriously disruptive behavior, has demonstrated a chronic inability to adjust to a lower custody unit or general population environment, as evidenced by repeated guilty findings by the Disciplinary Hearing Officer (DHO).

2.0 HIGH MANAGEMENT PLACEMENT

2.1 The Warden, Deputy Warden or Associate Deputy Warden may initiate requests for placement into High Management status.

2.1.1 The Correctional Officer (CO) III or CO IV shall serve the inmate with the Notice of Hearing and Inmate Rights (Proposed High Management Placement), Form 813-10, and a Request for Witness (Proposed Level 5 or High Management Placement), Form 801-2, at least 48-hours prior to the commencement of the hearing.

2.1.1.1 The Notice of Hearing and Inmate Rights (Proposed High Management Placement) form shall include a detailed account of the incident(s) and any discipline rule violations used as rationale for the proposed placement, and a summary of the evidence relied on.
2.1.2 If the requestor intends to use the statement of a witness whose identity he/she intends to withhold, the written notice shall indicate the requestor’s reliance and disclose as much of the substance of the information without jeopardizing the persons’ safety or institutional security. This form is provided to the inmate at the time the Notice of Hearing and Inmate Rights (Proposed High Management Placement) form is served.

2.1.3 At the completion of the 48-hour preparation period or if the inmate waives his/her right to the 48-hours for preparation, conduct the Hearing. If the inmate refuses to sign the waiver, the Notice of Hearing and Inmate Rights (Proposed High Management Placement) form shall be signed by two staff members. The inmate shall be provided a copy of the form.

2.1.4 Document the reason(s) for the request on High Management Placement Recommendation/Approval, Form 813-2. The High Management Placement Recommendation/Approval form shall not be given to the inmate until it is returned from Central Office Classification with the final decision.

2.1.5 Once the Hearing has been conducted the CO III shall update the appropriate Arizona Correctional Information System (ACIS) screen, indicating that the hearing has been conducted and that the documents have been forwarded to the Deputy Warden for review.

2.2 The High Management Placement Recommendation/Approval form shall be forwarded to the Deputy Warden or designee, who shall approve or deny the recommendation within five workdays of receipt.

2.2.1 If a Maximum Custody recommendation to place the inmate in High Management status or the High Management recommendation to place the inmate in High Management status is approved, the packet shall be forwarded to the Warden or designee within one workday of receipt.

2.3 The Warden or designee shall approve or deny the recommendation within five workdays of receipt.

2.3.1 If the recommendation to place the inmate in High Management status is approved, the packet shall be returned to the Deputy Warden or designee who shall:

   2.3.1.1 Make an ACIS entry indicating that the institution has completed their portion of the process and that the documents have been forwarded to Central Office Classification for review.

   2.3.1.2 Forward the recommendation to Central Office Classification within three workdays of receipt. All supporting documentation shall be included.

2.4 The Central Office Classification Administrator or designee shall have the final approving authority for High Management placements. Central Office Classification shall approve, modify, or deny the recommendation within five workdays of receipt. The Central Office Classification staff shall update the appropriate ACIS screen, documenting the High Management decision.
2.4.1 Submitted recommendations that are not documented and explained in detail shall be returned for additional information or disapproved outright by Central Classification.

2.4.1.1 For example, rationale limited to general statements such as, “Based on disciplinary report for staff assault” are insufficient and requires a summary of the inmate’s specific actions and analysis by staff on why the inmate needs High Management placement.

2.4.2 Central Classification may modify a recommendation for Maximum Custody and determine to place the inmate in High Management.

2.5 The inmate shall be notified of the decision made by the Central Office Classification Administrator or designee and provided a Notice of Appeal – Maximum Custody or High Management Status Placement, Form 801-8.

2.5.1 The inmate may be notified verbally by his/her assigned CO III, once ACIS comments have been entered by the Central Office Classification Administrator or designee, indicating that the process has been completed and what the final High Management status determination is. If this form of notification is completed, the CO III shall make an ACIS comment on applicable screen indicating that the inmate was notified of his/her final custody decision and whether or not a Notice of Appeal form was served.

2.5.2 The inmate may also be notified of the final decision when he/she receives the completed copy of the High Management Recommendation/Approval form. If this form of notification is completed, the inmate shall contact his/her CO III and request a Notice of Appeal form. The CO III shall make an ACIS entry indicating that the inmate was notified of the final decision and whether or not a Notice of Appeal form was served.

2.5.3 No person who approves an inmate placement in High Management shall decide, or take part in deciding, the inmate’s appeal to Central Office Classification.

3.0 HIGH MANAGEMENT REVIEWS

3.1 Inmates placed into High Management shall be provided a High Management Overview, Form 813-3, within twenty-four (24) hours of placement into High Management. The staff member shall note the date and time the sheet was provided to the inmate in the Inmate Activity/Behavior Log, Form 813-6.

3.1.1 Significant interaction, behavioral observations, and key activities of inmates in High Management shall be noted in the Inmate Activity/Behavior Log form.

3.2 Contract mental health staff shall conduct a mental health assessment within three business days of placement in High Management status.

3.3 Education staff shall assess the inmate’s potential need for accommodations relating to Individuals with Disabilities Act (IDEA) or American Disabilities Act (ADA).
3.4 High Management Review Team (HMRT) and Deputy Warden

3.4.1 The High Management Review Team (HMRT) shall:

3.4.1.1 Be comprised of a CO III (preferably the inmate’s assigned CO III), a security staff member, and a mental health professional (if inmate is MH3 or higher).

3.4.1.2 Conduct all initial and subsequent reviews with the inmate in person and out of the cell.

3.4.1.3 Complete the High Management Review, Form 813-1.

3.4.1.4 Forward all initial and subsequent reviews to the Deputy Warden for a final decision within five workdays of receipt.

3.4.2 The Deputy Warden may:

3.4.2.1 Approve the HMRT recommendations.

3.4.2.2 Disapprove the HMRT recommendations.

3.4.2.2.1 This is done when the HMRT recommendations suggest initial or continued placement in High Management and the Deputy Warden disapproval specifically rescinds the inmate’s High Management status, reverting the inmate to High Custody general population.

3.4.2.3 Modify the HMRT recommendations.

3.4.2.3.1 This is done when the Deputy Warden determines that only a portion of the HMRT recommendations need to be revised (e.g., phase level or program recommendations). The Deputy Warden then specifies what needs to be modified.

3.4.3 The Deputy Warden shall forward all initial and subsequent High Management Review forms’ final decision to the HMRT for implementation, and document all actions on the appropriate ACIS screen.

3.4.4 The HMRT shall:

3.4.4.1 Ensure the inmate is provided a copy of the finalized High Management Review form.

3.4.4.2 Implement the Deputy Warden’s decision(s).

3.4.4.3 Document all initial and subsequent review actions in the appropriate ACIS screen.

3.5 High Management Initial Review – The HMRT shall:

3.5.1 Conduct an initial review with the inmate in within 15 calendar days of placement in High Management.
3.5.2 Establish the inmate’s Improvement Plan Objectives and determine the next review (within 30, 60, 90, or 180 calendar days from current review date).

3.6 High Management Subsequent Review – The HMRT shall:

3.6.1 Conduct a subsequent review with the inmate in accordance with the number of days since the last review as determined at the previous HMRT review.

3.6.2 Review the inmate’s Improvement Plan Objectives and determine his/her compliance by reviewing the Inmate Activity/Behavior Log form. Based on the inmate’s compliance with the Improvement Plan Objectives, discipline record, and attitude during the hearing the inmate’s phase level and next review date shall be recommended. Additionally, the HMRT may revise the Improvement Plan Objectives as deemed appropriate.

4.0 RELEASE FROM HIGH MANAGEMENT

4.1 High Management Probationary Status - Inmates released from High Management status to general population status, shall be released on a probationary basis term of no less than six months. Inmates shall abide by specific conditions that, if violated, subjects the inmate to placement directly back into High Management status.

4.2 Probationary Criteria

4.2.1 No evidence of threatening or intimidating other inmates.

4.2.2 No guilty finding for a major discipline violation.

4.2.3 No refusal or removal from an academic education, Career and Technical Education (CTE) programs, treatment, or self-improvement program.

4.2.4 Other criteria as specified by the HMRT on a case-by-case basis.

4.3 Probationary Process

4.3.1 The HMRT shall determine the length of the probationary period and specifies any “other” criteria, as outlined in 4.2.4 above.

4.3.2 HMRT members and inmate shall sign the High Management Probationary Release Agreement, Form 813-7. A copy of the form shall be provided to the inmate prior to release from High Management status.

4.3.3 The assigned CO III shall monitor those inmates on his/her caseload with High Management probationary periods for possible violations.

4.3.3.1 If the inmate violates any of the conditions, a High Management Probationary Revocation Notification, Form 813-8, is completed by a staff member and a copy provided to the inmate. The inmate may be immediately placed in High Management status, Phase I.

4.3.3.1.1 The HMRT shall conduct a Hearing with the inmate within ten workdays, and make a recommendation regarding the probationary revocation to High Management status.
4.3.3.1.2 The Deputy Warden shall review the HMRT recommendation and make a recommendation to Central Office Classification within five workdays.

4.3.3.1.3 Central Office Classification shall review the Deputy Warden’s recommendation and make a final decision within five workdays.

4.3.3.1.4 The final decision shall be provided by the unit to the inmate in writing. The inmate may appeal the decision within 15 calendar days.

5.0 VIOLENCE REDUCTION STRATEGY - FORBIDDEN THREE - Inmates, who have committed a serious assault on staff, committed a serious inmate on inmate assault with a weapon and multiple inmates assaulting an inmate with serious injury are subject to placement in High Management as associates.

5.2.1 The Criminal Investigation Unit (CIU) shall respond and assemble a team to identify the perpetrator(s) and associates.

5.2.1.1 The team shall include, at a minimum, security staff and CO IV and/or CO III(s) from the unit where the involved inmates are housed. Both day and swing shifts should be represented and information shall be gathered from line staff from all shifts and those staff involved in the incident.

5.2.1.2 Each team member shall complete a separate Inmate Associate List, Form 813-4, for each identified perpetrator, listing the perpetrator’s known, close associates.
5.2.1.3 Upon compiling lists from all team members, CIU shall forward the
information to Central Office Security Threat Group (STG), which will
review and forward any additional information back to the unit.

5.2.1.4 For each perpetrator, CIU shall review the completed Inmate Associates
