Inmates are afforded restricted access to telephones consistent with their security classification, their Earned Incentive Program phase and within the physical limits of the institution. During family emergencies and certain holiday periods, inmates may be permitted to have brief telephone conversations with incarcerated family members. Telephones used for inmate personal calls shall be equipped with recording devices.

Inmates with a disability may request a reasonable accommodation such as a TDD System, by notifying staff of their need. Requests shall be made as early as possible to allow time to arrange the accommodation.
